

EPSON®

EXCEED YOUR VISION

Epson Stylus Photo R240 Series

Making home photo printing effortless

With the Epson Stylus Photo R240 Series you can print photo-lab quality photos quickly, easily, and economically. You don't even need a PC - simply preview on the monitor and print direct from your memory card or digital camera.

The Epson Stylus Photo R240 Series gives you a quick and easy way to produce great quality colour photos at home without the need for a computer - print direct from your PictBridge or USB Direct Print digital camera, as well as all popular memory cards*.

At the touch of a button, you can view your images on the 1.5" colour LCD monitor, then simply choose and print your favourite photos on a variety of different paper sizes.

And because you don't have to leave the comfort of your home, you'll have your photos very quickly. You can produce up to 24 photos in as little as 20 minutes.

Whats more, the printer has four individual ink cartridges, so you only need to replace the colour that has run out, making it very economical to use.

Key features and benefits

- Easy to use – you don't need a computer
- Built-in colour LCD monitor for easy image selection
- Print lab-quality borderless photos
- Four individual ink cartridges for economical home printing
- Print direct from PictBridge, USB Direct Print digital cameras or memory cards
- Resolution up to 5760 optimised dpi on suitable media
