# Viewing This Guide

Displays the previous or next page.

Displays the print window.

Click to display or hide the bookmarks.

[Bookmarks]
Click on the title of a section to jump to the first page for that section.

Click ▶▶ to display the glossary page. To return to the previous page after checking the information in the glossary, right-click the page, and then click "◉ Previous View" in the displayed menu.

If the displayed text is too small, click ⊕ to increase the magnification of the page. Click ⊖ to decrease the magnification.
If you want to specify and magnify a certain area, such as a portion of an illustration, right-click the page, and then click "🔍 Marquee Zoom" in the displayed menu.
The mouse pointer changes to a magnifying glass to specify the area that you want to magnify.

You can enter a keyword to search for an item or other information that you want to confirm.

Click to jump to the TOP page.

Displays a page that contains a related topic or a more detailed explanation. If the reference link appears in blue, click it to display the reference page or manual. To return to the previous page, right-click the page, and then click "◉ Previous View" in the displayed menu.
